

*Look Who Lives in the Ocean!* and *Look Who Lives in the Desert!*

**COMPARE & CONTRAST**

Consider how humans and animals are similar and how they are different. (Perhaps include humans from another culture or time.) Choose one animal from each book and write it in the appropriate box. Using checkmarks, identify the correct characteristics in the following columns:

	HUMANS	OCEAN ANIMAL	DESERT ANIMAL
<b>Life span</b>			
0-20 years			
21-50 years			
51+ years			

<b>Diet</b>			
Plant matter (herbivore)			
Meat (carnivore)			
Both (omnivore)			

<b>Shelter</b>			
Different each night			
Build a home			

<b>Family Structure</b>			
Live with family members			
Live in groups of 50+			
Live alone			

<b>Standard Movement</b>			
Walk or run			
Fly			
Swim			
Other _____			

<b>Intelligence</b>			
Navigational			
Architectural			
Finding food			

<b>Senses</b>			
Sight			
Smell			
Touch			
Taste			
Hearing			
Other _____			

<b>Daily Challenges</b>			
Working to get food			
Finding/building a home			
Tending their young			

# COMPARE & CONTRAST

page 2

**Create a Venn diagram:** each column on the previous page is represented as a circle below. Using the information from each column, add the appropriate characteristics to the circles. Properly place them to demonstrate whether they exist in only one circle, are shared by two circles, or exist in all of the circles.
